#### REMARKS

Claims 2-11, 15, 16 and 18-27 are allowed. Claims 1, 12-14, 17 and 28-30 were rejected under 35 USC 112 with specific objections to the definition of certain of the R<sup>3</sup> moieties. These claims have been amended by replacing the definition of R<sup>3</sup> to obviate the objections. The amended definition of R<sup>3</sup> is supported by the disclosure on pages 7 and 8 of the specification.

Claim 11 which recited a Markush group of 8 specific compounds and pharmaceutically acceptable salts thereof has been replaced by eight claims, each directed to one of said compounds and pharmaceutically acceptable salts thereof.

It is respectfully submitted that applicants' specification and claims comply with the requirements of 35 USC 112.

Reconsideration is requested. Allowance is solicited.
